## ETHICS IN INDIAN HIGHER EDUCATION

Organised by

and

supported by

The Society for Professional Ethics and Management (SPEM) was founded with the objective of creating greater awareness and emphasis on adherence to ethical values in our day to today life and in our profession for achieving excellence and upholding our responsibility to Society, Nature and Environment. The chief patron of the Society is former Chief Justice of India, Honorable Shri M.N.Venkatachaliah. The Society is registered as a Charitable Trust.

The Indian National Academy of Engineering (INAE), comprises India's most distinguished engineers, engineer-scientists and technologists, functions as an apex body and promotes the practice of engineering & technology and related sciences to solving problems of national importance and for futuristic planning for country's development.

The National Assessment and Accreditation Council (NAAC) conducts assessment and accreditation of Higher Educational Institutions such as colleges, universities or other recognised institutions and evaluates conformance to the standards of quality in terms of its performance related to the educational processes and outcomes.

Visvesvaraya Technological University (VTU) is largest technological university having 219 affiliated engineering and management colleges and over 130 affiliated research centre.

Jain (Deemed to be University) is one among the top ranked private universities in India academically, sports and extracurricular with emphasis on research and entrepreneurship.
